Juris Doctor (J.D.) | 2031-2032

**Caraga State University**

Bachelor of Science in Information Technology | 2028-2029

## CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP)
- Certified Ethical Hacker (CEH)
- Certified Digital Forensics Examiner (CDFE)
- Certified Penetration Testing Engineer (CPTE)

## SKILLS

- **Technical Security:** Digital Forensics & eDiscovery, Network Penetration Testing, Physical Access Control Auditing, Incident Response & Malware Analysis
- **Legal & Professional:** Litigation Support & Cross-Examination, Crisis Management & Mitigation, Strategic Negotiation, Threat Intelligence Analysis

## PROFESSIONAL EXPERIENCE

**Security Specialist & Defense Consultant**

Independent Practice | San Francisco, CA | May 2029 - Present

- Lead privileged incident response and legal defense investigations for enterprises facing cyber espionage and regulatory scrutiny.
- Conduct network penetration testing, digital forensics, and physical access control auditing to build robust legal defense narratives.
- Advise corporate clients on designing legally defensible cybersecurity architectures to mitigate future criminal and civil liability.

**Forensic Legal Investigator**

Defense Advisory Group | San Francisco, CA | Jun 2031 - Apr 2034

- Analyzed prosecution evidence, including CCTV surveillance logs and access control systems, to identify critical flaws and chain-of-custody violations.
